

Thank you for your commitment to stopping the #1 killer of teens—reckless & distracted driving.

The GDL Module

- Educates teens and their parents about the Graduated Driver Licensing Law (GDL) and creates a deeper understanding of how following the GDL law saves lives
- Shares evidence-based strategies to make following nighttime driving restrictions and passenger limits easier for teens and parents
- Engages teens and their parents through interactive activities, knowledge checkpoints, and a real story of a preventable distracted driving crash
- Empowers teens to make good choices as drivers or passengers

Utilizing the Module is Simple!

To disseminate the module within your community, school administrators can simply share the following link through email, social media, school website, etc.

<https://www.impactteendrivers.org/gdl/wisconsin/pre-survey>

Ideas for Usage

We know how devastating it is for a community to lose a young person. See below for some ideas for how educators can seamlessly implement this module to help put an end to this preventable public health crisis.

- Utilize the module as an assignment for a health or other relevant class
 - * The module has several corresponding lesson plans available at ImpactTeenDrivers.org and meets national health education standards
- Require students to take the GDL module in order to receive a parking permit
 - * High schools are in a unique position to contribute to a safety culture by implementing strategies and policies that support GDL
- Share the module as part of a presentation for a parent education night
 - * Parents are the #1 influencer of their teen's attitudes and behaviors behind the wheel
- Utilize the module with teachers/staff as part of in-service days
 - * Help ensure that educators understand the GDL laws and are therefore able to enforce them on campus
