Monday, 10/19:

Distracted driving is SO much more than texting and driving. Distractions are anything that can take a driver's attention off the task of driving: playing with the radio, eating or drinking, or having noisy passengers inside the car. #NTDSW #teendriver #drivesafe

Tuesday, 10/20:

If your driver is distracted or doing something dangerous, speak up! You and everyone else on the road should get home safely. #JustDrive #NTDSW #teendriver #drivesafe

Wednesday, 10/21:

Your risk of crashing is 23 times higher while texting and driving. Make it a habit to stash your phone. When you get into the driver's seat, silence your phone and put it away. If you need to use your phone or get directions, pull over somewhere safe. #NTDSW #teendrivers #drivesafe

What do you consider lethal? Most of the poster makes sense, but when is lipgloss lethal? When a DRIVER chooses to either reach for or put on lipgloss, which takes their eyes off the road and hands off the wheel. We love this poster series by @impactteendrivers! #NTDSW #teendrivers #drivesafe #enddistracteddriving
